

Policy on Application and Registration Fees

Ramsey, Hackensack, and Nutley Campuses

Updated April 1, 2020

The Schedule of Tuition and Fees, which is available in the Financial Information Section of the Eastwick College Catalog (www.eastwickcollege.edu/catalog) includes application and registration fees for all programs.

The application and registration fees will be waived for prospective students who:

1. graduated from a program at any campus owned and operated by Eastwick Education (currently Eastwick College Ramsey, Eastwick College Hackensack, Eastwick College Nutley, and the HoHoKus School of Trade and Technical Sciences);
2. withdrew from a program at the same campus and return to the same or another program;
3. students who transfer to another program within the same campus; or
4. applied at an Eastwick Education campus but did not register, in which case the application fee will be credited at whichever campus the student chooses to attend.

The application and registration fees may also be waived when required by prospective students who have financial sponsorship through contractual arrangements made with public or private organizations or when required by federal, state, or local agencies.

Update: In response to the COVID-19 pandemic, application and registration fees are waived for the May, July, and October terms of 2020.

Note: Students who **cancel** their enrollments after the 3-day period are not eligible for a waiver of application and registration fees of a future program.
